SUMMARY

- Currently working as a part-time **Junior Developer Intern** at **Runforservice**, focusing on handling the frontend development for client projects, including building and designing e-commerce websites.
- Skilled in creating responsive, user-focused web interfaces, with experience in utilizing React.js for developing dynamic web applications and integrating APIs to enhance functionality.
- Experienced in using Figma for web design and capable of converting Figma prototypes into fully functional, coded web pages.
- Eager to apply my skills in real-world projects, collaborate with experienced developers, and grow within a forward-thinking development team.

EXPERIENCE

Runforservice

Oct 2024 - Present

Junior Developer Intern

Bangalore

- I Specialized in designing and developing responsive and user-friendly web pages for e-commerce websites using **React.js** and **Tailwind CSS**.
- Collaborated with backend teams to integrate APIs, troubleshoot server issues, and ensure accurate data and images rendering. Proficient in testing and debugging APIs using **Postman**.
- Worked closely with client and internal teams to translate business requirements into visually appealing and functional designs.
- Gaining hands-on experience with **MongoDB**, including adding and managing data using Postman.
- Actively enhancing skills by exploring new technologies and frameworks to deliver efficient and scalable solutions.
